*A Guide to assist you in compiling and documenting
personal and estate information*

Dear Friends:

We are very pleased to present you with a copy of our ***Personal Information Booklet***. Rouge Valley Health System Foundation has designed this booklet to assist you and your family with your estate planning process. Charitable gifts included as part of your financial and estate planning, can ensure that your legacy of generosity continues, even when you are unable to personally give.

This booklet will convey essential personal information to those who need to know, assisting you in documenting information about all aspects of your estate plan, including all legal and financial matters. While it contains critical information, it is not a legal document and should not substitute for a Will or an estate plan. Please consult your professional advisor during the estate planning process.

You may want to make a copy of this booklet for your family, friends and all others who will require this information in order to settle your estate.

Rouge Valley Health System Foundation's Planned Giving Committee is comprised of financial and legal professionals who are available to offer their expertise to help maximize an individual's financial planning potential. If we can be of any assistance to you in the planning process, please do not hesitate to contact us (416) 281-7342.

Thank you for being a loyal supporter of Rouge Valley Health System Foundation. Your commitment and generosity is truly appreciated.

The mission of the Rouge Valley Health System Foundation is to partner with the community to invest in superior healthcare at Rouge Valley Health System.

Being Prepared

Family and friends face many difficult issues when a loved one dies, including making funeral arrangements, carrying out the estate plan and dealing with legal and financial matters. This booklet, which allows you to include details about your personal and financial affairs in one place, is one of the most caring gifts you can leave to your family. Rouge Valley Health System Foundation has prepared and designed this booklet to assist you with providing vital information your family will need to carry out your wishes.

Your Estate Plan

Everyone needs a Will, regardless of the size and complexity of their assets. Should you die without a Will, the government will determine what happens to your assets. Preparing a legal Will ensures that your estate and possessions will be distributed exactly as you wish after your death, ensuring that your legacy is preserved exactly as you intended.

We're here to help

At Rouge Valley Health System Foundation, we can provide you with the direction that you need in preparing a Will or an estate plan.

We can also provide assistance on:

- How current charitable gifts can increase your lifetime income and save taxes
- How to include Rouge Valley Health System Foundation or other charities in your Will
- How to leave a gift to Rouge Valley Health System Foundation that will preserve your legacy in perpetuity

Rouge Valley Health System

About Rouge Valley

Running along the boundary between the Greater Toronto Area and Durham Region is the Rouge River valley. It's a natural area of great beauty. It's also the name chosen to celebrate the merger between two hospitals, Centenary Health Centre in Scarborough and Ajax and Pickering Health Centre in west Durham.

Rouge Valley Centenary, formerly Centenary Health Centre was built in Canada's centennial year. It has grown with the community that surrounds it and now serves close to 529,000 people, offering a wide range of specialized services. Rouge Valley Ajax and Pickering began as a cottage hospital serving the wartime community of Ajax. It too has expanded rapidly, reflecting the needs of one of Ontario's fastest growing regions.

We Need Your Help

Rouge Valley Health System has one goal – to deliver outstanding care to the people we serve.

That means continuing to expand to accommodate a growing patient population. It means renewing equipment to keep pace with rapid changes in medical technology. It means introducing new services so that our patients can get the care they need close to home.

We need your help. Contributions from individuals, corporations and foundations are critical to the health, vigour and future of our health system. Planned gifts give individual donors the chance to make a gift of a lifetime. Please consider including Rouge Valley Health System in your will and other charitable gift planning.
