

If you know Dr. Romas Stas, you know how passionate & committed he is to the Ajax Pickering Hospital.

And, how much he loves Christmas!

That's why I want to share with you the letter that he has just written to our donors:

"This is my 50th Christmas at Ajax Pickering Hospital!

When I think back to those first few years, I remember how much I learned as I looked after my patients. School had taught me the medical know-how, now I was figuring out how to "care" for my patients!

And back then, in terms of technology, we really didn't have much. One x-ray machine was about the extent of it. And, my fellow doctors and I still did some of the blood work ourselves!

Fast forward 50 years... Ajax Pickering Hospital has come a long way since then! Not only has it physically expanded, but it also has some of the most modern & technologically-advanced equipment.

But the small hospital feeling hasn't gone away.

And the compassionate care that our patients receive, every day of the year, hasn't changed, either.

Plus it's thanks to your generosity that we can tend to all our patients' needs – whether the need is as complicated as providing lifesaving treatment or as simple as a comforting touch.

Will you please share a kind *gift of health* this holiday season? Your donation will mean so much to me and all my patients who are celebrating the season at Ajax Pickering Hospital this year rather than home with their loved ones...."
