

Love has been in the air for the last couple weeks at the Ajax Pickering Hospital...

That's because the Love Bug has been busy visiting the staff of Ajax Pickering Hospital with the Spirit Wagon giving out goodies, playing games and sharing the love the Ajax Pickering Hospital Foundation has for everyone at our hospital who are working hard to look after our community.

From the linen room to the Emergency Department, from shipping & receiving to the ICU, the Spirit Wagon (or maybe it was the chocolate?!) brought tons of smiles to faces behind the masks and a little break in their busy work day.

Special thank you to Katherine & our Mental Health program who did such a great job making all the love bugs (&there were over 1,000 made!) and retired palliative care nurse Cheryl (in the red blazer) for being the bestest cupid's ever!
